

## Mobil 1™ ESP LV 0W-30

Mobil Passenger Vehicle Lube , Netherlands

Advanced Full Synthetic Engine Oil

### Product Description

Mobil 1™ ESP LV 0W-30 is an advanced full synthetic engine oil specifically designed to provide outstanding performance.

### Features and Benefits

| Features   | Advantages and Potential Benefits                                      |
|--|--|
| Low viscosity, advanced full synthetic formulation           | Promotes engine efficiency and fuel economy                            |
| Active cleaning agents                                       | Helps prevent sludge and deposits to keep engines clean                |
| Outstanding high temperature thermal and oxidative stability | Resists oil breakdown to help provide long lasting protection          |
| Excellent low temperature capabilities                       | Outstanding cold starting and fast lubrication to protect against wear |
| Precise balance of performance additives                     | Excellent overall lubrication and wear protection                      |

### Applications

Mobil 1 ESP LV 0W-30 is designed for modern high efficiency gasoline, diesel and hybrid cars from BMW, Volvo and Mercedes-Benz as well as for Japanese and Korean vehicles that specifically call for a SAE 0W-30 viscosity grade and any of the specifications the oil supports, allowing for extended oil change intervals where recommended by the manufacturer.

- Mobil 1 ESP LV 0W-30 based on Mobil low ash synthetic technology meets or exceeds ACEA C2 industry standard to contribute to engine fuel efficiency, and to help protect exhaust gas after-treatment systems designed to limit engine emissions.
- Mobil 1 ESP LV 0W-30 is not recommended for 2-Cycle or aviation engines, unless specifically approved by the manufacturer.

Owner's manual should be consulted for recommended viscosity grade and specification.

### Specifications and Approvals

| This product has the following approvals: |
|---|
| BMW Longlife 12 FE                        |
| VOLVO 95200377                            |
| MB-Approval 227.61                        |
| MB-Approval 229.61                        |

**This product is recommended for use in applications requiring:**

FORD WSS-M2C920-A Engine Test Requirements

**This product meets or exceeds the requirements of:**

API SN Engine Test Requirements

API SL

ACEA C2

ACEA A5/B5

**Properties and Specifications**

| Property   |           |
|--|-----------|
| Grade  | SAE 0W-30 |
| Kinematic Viscosity @ 100 C, mm <sup>2</sup> /s, ASTM D445 | 9.7       |
| Viscosity Index, ASTM D2270                                | 180       |
| Ash, Sulfated, mass%, ASTM D874                            | 0.8       |
| Hi-Temp Hi-Shear Viscosity @ 150 C, mPa.s, ASTM D4683      | 3.0       |
| Pour Point, °C, ASTM D97                                   | -51       |
| Flash Point, °C, ASTM D93                                  | 200       |
| Density @ 15.6 C, g/cm <sup>3</sup> , ASTM D4052           | 0.8429    |
