Mobil DTE™ 20 Series

Mobil Industrial , Kazakhstan

Hydraulic Oils

Product Description

Mobil DTE™ 20 Series oils are high performance anti-wear hydraulic oils.

They meet the stringent requirements of hydraulic systems using high pressure, high output pumps as well as other hydraulic system components such as close clearance servo-valves and numerically controlled (NC) machine tools.

These products met the most rigorous performance requirements of a wide range of hydraulic system and component manufacturers, allowing use of a single product with excellent performance characteristics.

Features and Benefits

- Excellent oxidation stability helps reduce maintenance downtime and costs by contributing to system cleanliness and deposit reduction, enable long oil and filter life
- Enhanced anti-wear and corrosion protection of system components using various metallurgy help extend component life and improve production capacity
- Controlled demulsibility protects systems from small and large quantities of water
- Keep clean properties reduce system deposits and sludge help protect equipment and extend equipment life, reduce maintenance costs and improve total system performance
- Quality reserve maintains performance features even under severe service conditions and extended drain intervals

Applications

- Hydraulic systems critical to deposit build-up or where sludge and deposits form with conventional products
- Hydraulic systems requiring a high load-carrying capability and anti-wear protection, and when thin oil-film corrosion protection is an asset
- Where small amounts of water are unavoidable
- Systems containing gears and bearings
- Machines employing a wide range of components using various metallurgy

Specifications and Approvals

This product has the following approvals:	MOBIL DTE 22	MOBIL DTE 24	MOBIL DTE 25	MOBIL DTE 26
Denison HF-0		X	X	X
Husky HS 207			X	

This product is recommended for use in applications requiring:				
Eaton I-286-S		X	X	X

This product is recommended for use in applications requiring:				
Eaton M-2950-S		X	X	X
Fives Cincinnati P-68		X		
Fives Cincinnati P-69				X
Fives Cincinnati P-70			X	

This product meets or exceeds the requirements of:				
DIN 51524-2:2006-09	X	X	X	X
